

Rise is a non-profit initiative dedicated to providing free counselling, legal advice and a variety of support to survivors of sexual assault and violence and those impacted by suicide, loss, trauma and grief.

Supported by a collective of highly skilled First Nations trauma specialists, legal experts, researchers, academics and clinicians who are trauma informed and hold relevant qualifications in Social Work, Psychology or Human Services.

Under the care of Yamurrah, we support and empower survivors and the community by also offering supervision workshops, training programs, and community events that foster connection, healing, and growth.

Our ultimate goal is to create a safe and inclusive space where victims, survivors, and those impacted by suicide, loss and grief can find solace, strength, and a renewed sense of belonging.

The RISE sponsorship packages describe examples of how the funds will be used, sponsors are welcome to choose the project / where their sponsorship goes towards.

Event Sponsorship:

What It Provides: Your contribution to a RISE event allows the ability to organise an event with inspiring, empowering and healing aspects for attendees. These events will be organised more and more as we've received a lot of feedback following events in 2023 that these events are important, and we need more of them that they are accessible by clients and community members as well. They provide valuable inspiration, empowerment, and connection.

Some events will offer the opportunity to youth and inspiring artists to showcase their talents, grow their confidence and provide connections to support their journey. Through RISE we have been able to sponsor young artists and continued to connect with and support them.
